**PURPOSE:** The purpose of this AAPD is to promulgate the attached FAR deviation to the requirements for preparation of SF 1420, Performance Evaluation (Construction), and SF 1421, Performance Evaluation (Architect-Engineer). Utilizing the NIH Contractor Performance System for the preparation of contractor performance reports on USAID's construction and architect-engineer contracts, as prescribed in AIDAR 742.1502 and ADS 302, will suffice in lieu of the FAR requirements to prepare SF 1420 and SF 1421.

We anticipate that the substance of this class deviation will be incorporated into a forthcoming FAR change.
